EDUCATION

University of Wisconsin-Madison, BS. *Computer Science & Math*

Expected May 2028

- Activities: *Alpha Kappa Psi* Professional Business Fraternity, Formula SAE, ADZ Event Manager, UW Climbing Club, JiuJitsu

PROFESSIONAL EXPERIENCE

Autodesk, *Software Engineering Intern*

Portland, OR

React, Typescript, Docker, Three.js, Python, Jira, PowerPoint, AWS, JSON, ESLint, Prettier, Fusion

June 2024 - Present

- Selected 1 of 2 paid high school interns selected to develop and market a robotics simulator & 3D file exporting tool for 5K+ user
- Built and led team presentation of Synthesis' core value proposition for Autodesk's Executive Vice President and executive team

SwiftLabs, *Partner/Developer*

Clive, IA

React, Express, Biome, Vite, Vercel, Linear, Git, Github, Firebase, Tailwind CSS

June 2025 – Present

- Built 5-figure government contract for *School Administrators of Iowa*; assist principals with drafting teacher evaluation reports
- Designed and deployed fully-functioning evaluation portal to 2K+ government-authorized users, interfacing directly with clients

True Martial Arts, *Senior Instructor*

Sammamish, WA

Instructing, Word, Excel, Performance Evaluation, Team Coordination, Planning

April 2021 – June 2025

- Trained 30+ Assistant and Head Instructors & oversaw promotions; directly evaluated 100+ students in Taekwondo proficiency
- Organized student events and tournaments for 700+ participants from 4 martial arts schools, managing judges, scoring, & safety

PROJECTS

Fegis, *Tensorflow, Chrome MV3, Tesseract.js, Python, Tensorflow.js, React, Typescript*

March 2026

- Built Chrome MV3 extension implementing both regex & ML engines to detect and redact 12 PII types across many AI websites
- Implemented client-side file scanning with parsing of PDF, DOCX & used Tesseract.js OCR in the Chrome offscreen documents

Asclepion, *React, Typescript, Pytorch, Python, Ollama, Sigma.js, Uvicorn*

February 2026

- Built clinical reasoning assistant using local LLM-powered graph visualization to map patient symptoms to potential diagnoses
- Trained PyTorch BERT model on medical billing data to score diagnosis-to-item relevance; generates pdf bill from patient notes

Wisconsin Racing, *C, Datasheets, GPIO, ESP32, STM32 IDE, Reflow soldering, Slack*

September 2025 – Present

- Wrote embedded system that implemented cell balancing, over/under-voltage protection for one-third-scale Formula 1 track car
- Built GPIO driver for ESP32 chip to communicate with ECU of the car and translate data into a format displayable on a 5" screen

Github CLI Reviews Tool, *Rust, Cargo, GitHub CLI, Neovim*

July 2025 - Present

- Built CLI tool in Rust using GraphQL API to list PRs that request a current user's review; ranked by weightage of urgency & date
- Shipped precompiled gh extension for one-command install; zero-dependency Cargo binary & JSON output for scripting & vim

Soundwave, *Tensorflow, Numpy, Pandas, MATLAB*

November 2023 – February 2025

- Secured \$150K Letter of Intent from Konexions building proprietary TensorFlow model using MFCCs to localize foreign accents
- Placed 1st globally for *TiE Young Entrepreneurs* comp earning \$7K and 1st nationally for the *Diamond Challenge* earning \$12K

Princeton AI4ALL, *Pytorch, Python, Jupyter Notebook, CUDA, Slack*

July 2023 – August 2023

- Built and trained a PyTorch model for satellite-image deforestation classification at Princeton, using Google colab TPU workflow
- Presented findings in Washington, DC to the FTC and CFPB, and the Cooley law firm, discussing policy implications of research

LEADERSHIP

DECA, *Chapter Vice President*

May 2024 – June 2025

- Managed communications for 600+ members; coordinated travel logistics enabling 40+ to attend the international competition
- Led DECA Inc. campaign initiatives chapter-wide; directly mentored 20+ members in cold outreach efforts to business leaders

Philosophy Club, *Founding Board Member & Representative*

March 2022 – June 2025

- Recruited 30+ members by relaying ASB updates and leading outreach efforts; organized weekly discussions & speaker sessions
- 2nd place in UW Graduate Law Ethics Bowl; Coordinated debate practice, logistics, & prep meetings for school's participation

AWARDS

2nd Degree Black Belt (Taekwondo, Arnis, MMA), True Martial Arts Sammamish (2025); **3rd Place**, Congressional App Challenge (2024); **Eagle Scout**, Senior Patrol Leader of 50 Scouts; Order of the Arrow Honor Society (2023); **Top 10 International Finalist**, DECA, Business Services Operations Research (2023); **Worlds Qualifier**, Spartabots FIRST Robotics Worlds (2021 & 2025)

SKILLS

Interests: classical piano performance, trail building, microphone architecture & acoustic engineering, bouldering, mountaineering

Tools: Rust, C++, C, Python, Java, C#, Typescript, Javascript, R, Jira, Agile, Git, GitHub, Node.js, React, Next.js, Express, AWS, Linux, MySQL, Flutter, WebGL, Dart, TensorFlow, PyTorch, NumPy, Pandas, SciPy, MATLAB, JavaFX, Flask, Bash, Zsh, npm, yarn, bun, ESLint, Prettier, Biome, Vite, Tailwind CSS, HTML, CSS, JSON, TOML, Cargo, Arduino, Gradle, Maven, Notion, LaTeX, Word, PowerPoint, Excel
